Independent Auditor's Report

Honorable Mayor and Members of the City Council City of York, Nebraska

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of York (the City), as of and for the year ended September 30, 2011, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note A, the City prepares its financial statements for the governmental funds on the basis of modified cash receipts and disbursements, that demonstrates compliance with the modified cash basis and budget laws of Nebraska, which is a comprehensive basis of accounting other than the accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2011, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated March 31, 2012 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules (Exhibit J-M) and accompanying notes be presented to supplement the basic financial statements. Such information, although no a part of the basic financial statements, is required by Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's financial statements as a whole. The supplementary information, Non-Major Governmental Funds (Exhibits N-O) and Departmental Proprietary Statements (Exhibits P-X) are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the financial statements. The Non-Major Governmental Funds and Departmental Proprietary Statements were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The Schedule of Expenditures of Federal Awards has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The Non-Major Governmental Funds and Departmental Proprietary Statements, have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Missau & Co., A.C.

York, Nebraska March 31, 2012

September 30, 2011

This discussion and analysis of the financial performance of the City of York (the City) provides an overview of the City's financial activities for the year ended September 30, 2011. It should be read in conjunction with the City's financial statements, which follow.

Financial Highlights

The City's net assets as of September 30, 2011 were \$38,398,873.04. Of this amount, \$7,397,737.77 is unrestricted and may be used to meet the City's ongoing obligations.

The net assets of the City increased by \$4,025,342.53; up from \$34,373,530.51 in the prior fiscal year.

The Governmental Fund revenues were \$525,133.50 more than the prior year and expenses were \$1,241,348.46 less than the prior year.

The Proprietary Fund revenues were \$1,255,030.82 less than the prior year and expenses were \$160,812.16 more than the prior year.

Overview of the Financial Statements

This financial report consists of four sections: management's discussion and analysis (this section), the basic financial statements, required supplementary information and unaudited supplementary information.

The basic financial statements include a series of statements that present different views of the City.

The government-wide financial statements are comprised of the Statement of Net Assets and the Statement of Activities, which provide information about the City's overall financial status.

The governmental fund financial statements focus on individual funds of the City, reporting the City's basic operations in more detail than the government-wide financial statements. Governmental funds are accountability units used to maintain control over resources segregated for specific activities or objectives. Major funds are separately reported.

The proprietary fund financial statements focus on the business-type activities of the City. These statements also provide more detail than the government-wide statements. Proprietary funds are used to maintain control over the utility services the City provides.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information, including notes, that further explains and supports the financial statements with a comparison of the City's budget for the year. Following the required supplementary information is a section of unaudited supplementary information that details the departmental revenues and expenditures/expenses of the governmental and proprietary funds.

September 30, 2011

Financial Analysis of the City as a Whole

Revenues for the City's activities were \$15,883,392.56, while expenses were \$11,858,050.03.

A portion of the City's net assets represents resources that are subject to external restrictions on how they may be used. The City's government-wide restricted net assets are comprised of funds to be used for street maintenance and improvements, capital projects, the Community Development Block Grant, RAP program, 911 operations, insurance, police and fire employee pensions and debt repayment.

The following table summarizes the City's Net Assets:

	Governmental Activities			ss-Type vities	Total		
	2011	2010	2011	2010	2011	2010

The City is heavily reliant on taxes to support governmental activities and charges for services to support business-type activities.

September 30, 2011

Financial Analysis of the City's Funds

A summary of the City's governmental fund balances follows:

	Current Year	Prior Year	<u>Variance</u>
General Fund Balance Special Revenue Fund Balance Debt Service Fund Balance Proprietary Fund Balance	\$ 5,003,032.49 2,748,528.79 1,119,784.12 23,969,102.78	\$ 4,481,418.24 4,095,682.09 1,014,437.28 21,488,108.06	\$ 521,614.25 (1,347,153.30) 105,346.84 2,480,994.72
Total Fund Balances	\$ 32,840,448.18	\$ 31,079,645.67	\$ 1,760,802.51

The General Fund Balance increase was due to an increase in tax receipts and charges for services. The decrease in the Special Revenue Fund was due to the incurring costs for a capital project that isn't complete and hasn't been fully funded. The increase in the Proprietary Fund Balance was due to grants received for capitalized expenses.

Economic Factors

Factors, such as property tax rates and valuation, sales tax collections, and charges for services have a major impact on the City's revenues each year. Capital outlay, energy and insurance costs heavily impact the City's expenses.

General Fund Budget Analysis

The City's general fund budget was not amended during the fiscal year and included \$8,834,525.00 in available resources and \$8,834,525.00 in disbursements. Actual receipts were \$477,235.36 more than budget. Actual disbursements were \$1,040,301.15 less than budget, due mainly to less than expected spending for general government and transfers to other funds.

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2011, amounts to \$37,838,571.22 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, improvements, infrastructure and construction in progress. The summary of capital assets net of depreciation follows:

2011
.835.99
478.18
312.69
215.20
512.73
216.43
571.22

September 30, 2011

Capital Assets (cont'd)

Major capital asset events during the current fiscal year included the following:

East Hill Concession Stand	\$ 149,986.56
Nebraska Avenue Paving	1,823,119.66
Well field Exploration	4,265,070.36
Water System Improvement #09W	445,449.73

Additional information on the City's capital assets can be found in the Notes to the Financial Statements.

Debt Administration

As of September 30, 2011, the City had governmental activity outstanding bonded indebtedness of \$7,760,413.02 as compared to \$8,534,171.14 on September 30, 2010. The change in balance is a result of refinancing bonds of \$4,250,000.00 and principal payments of \$5,023,758.12. The City also had business-type activity outstanding bonded indebtedness of \$9,934,605.00 as compared to \$8,115,000.00 the prior fiscal year. The change in balance is a result of \$4,634,605.00 in new and refinancing bonds along with \$2,815,000.00 in principal payments.

Contacting the City's Financial Management

This financial report is designed to provide the City's citizens, taxpayers, investors and creditors with a general overview of the City's finances and compliance with finance-related laws and regulations and to demonstrate the City's commitment to public accountability. If you have questions about this report or would like additional information, contact the City Clerk at:

City of York 100 East 4th Street York, Nebraska 68467 402 363-2600

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Overview</u> – The significant accounting principles and practices followed by the City of York (the City) are presented below to assist the reader in evaluating the financial statements and the accompanying notes. The financial statements presented represent all funds maintained by City authorities' incident to the operation, maintenance and management of City services, activities, projects and investments.

The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. In the government-wide financial statements and the fund financial statements for the proprietary fund, governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The City applies only the applicable FASB pronouncements issued prior to November 30, 1989 in accounting and reporting its proprietary operations. The more significant of the City's accounting policies are described below.

Reporting Entity – The City of York's Council (Council) is the basic level of government, which has the financial accountability and control over all activities related to the City. The Council receives funding from local, state and federal government sources and must comply with the requirements of these funding source entities. However, the Council is not included in any other governmental "reporting entity" as defined by the GASB pronouncement, since Council members are elected by the public and have decision making authority, the authority to levy taxes, the power to designate management, the ability to significantly influence operations and primary accountability for fiscal matters. In addition, there are no component units as defined in Governmental Accounting Standards Board Statement 14, which are included in the City's reporting entity.

<u>Government-Wide and Fund Financial Statements</u> - The government-wide financial statements report information on all of the non-fiduciary activities of the primary government. For the most part, the effects of inter-fund transfers (those within an activity) have been removed from these statements. However, transactions between Governmental Activities and Business-Type Activities are reflected as transfers with the receiving activity reflecting the transfer as an increase to net assets and the disbursing activity reflecting the transfer as a decrease to net assets. The City does not allocate indirect costs.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues and expenses. An emphasis is placed on major funds within the governmental categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

September 30, 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

- a. Total assets, liabilities, revenues or expenses of that individual governmental fund are at least 10 percent of the corresponding total for government-wide funds combined.
- b. Total assets, liabilities, revenues, or expenses of the individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

The City's major funds are: General Fund, Street Fund and Debt Service Fund. The City's non-major funds are: CDBG Fund, Sinking Fund, Aviation Fund, Fire/EMS Fund, Library Fund, RAP Fund, 911 Surcharge Fund, TIF Fund, Insurance Fund and Pension Fund.

Governmental Fund Types

<u>General Fund</u> – The General Fund is the main operating fund of the City and accounts for all revenues and expenditures of the City not encompassed within other funds. All property tax revenues and other revenues that are not allocated by law, budgetary requirement, or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the new and replacement capital outlay costs that are not paid through other funds are paid from the General Fund.

<u>Special Revenue Fund</u> – The Special Revenue Fund is used to account for the proceeds of the specific revenue sources that are either legally restricted to expenditures for specified purposes or designated to finance particular functions or activities of the City. The Special Revenue Fund is comprised of the following sub-funds:

Street Fund – This fund accounts for highway allocation and motor vehicle fee revenues that are legally restricted by statute to street expenditures. For purposes of the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets, this balance is restricted.

CDBG Fund – Revenues and expenditures generated by the Community Development Block Grant are accounted for within this fund. For purposes of the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets, this balance is assigned.

Sinking Fund – This fund accounts for revenues set aside for future purposes. For purposes of the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets, this balance is assigned.

Aviation Fund – This fund accounts for revenues and expenditures specifically earmarked for aviation purposes. For purposes of the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets, the majority of this balance is assigned. However, this fund does have a portion of its fund balance that is restricted.

Fire/EMS Fund – This fund accounts for the costs associated with the fire and emergency medical services for the City. For purposes of the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets, this balance is assigned.

Library Fund – Contributions and grants received and expenditures associated with these revenues, which are restricted solely for library materials, are recorded in this fund. For purposes of the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets, this balance is assigned.

September 30, 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

RAP Fund – This fund accounts for specific revenues and expenditures allocated for the Rural Apprehension Program. For purposes of the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets, this balance is assigned.

911 Surcharge Fund – This fund accounts for specific revenues and expenditures allocated for 911-service enhancement. For purposes of the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets, this balance is assigned.

TIF Fund – Revenues and expenditures legally restricted for Tax Increment Financing projects are accounted for within this fund. For purposes of the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets, this balance is restricted.

Insurance Fund – This fund accounts for withholding and taxes restricted solely for the payment of employee insurance. For purposes of the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets, this balance is assigned.

Pension Fund – Withholding and taxes restricted solely for the payment of employee pensions are accounted for within this fund. For purposes of the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets, this balance is restricted.

<u>Debt Service Fund</u> – The Debt Service Fund is used to account for the accumulation of resources and payment of general long-term debt including principal, interest, and related expenditures and is classified as a major fund. For purposes of the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets, this balance is restricted.

Proprietary Fund Type

<u>Enterprise Fund</u> – The Enterprise Fund is used to account for the operations of the utility subfunds. This fund is used to account for operations, which are financed and operated in a manner similar to private business. The intent of the governing body is that the cost of providing the goods or services to the general public is funded or recovered primarily through user charges.

Solid Waste Fund – This department accounts for the operation of the York Area Solid Waste Association. The YASWA is a landfill jointly-owned by the City and York County, which provides services to the residents of the County.

Water Fund – This fund accounts for the operation of a municipally owned water system, which provides services to the residents of the City.

Wastewater Fund – This fund accounts for the operation of a municipally owned wastewater system, which provides services to the residents of the City.

September 30, 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

<u>Measurement Focus and Basis of Accounting</u> – Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statement and fund financial statements for proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net assets and the operating statement presents increases (revenues) and decreases (expenses) in net total assets. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time the liability is incurred.

The measurement focus of the proprietary fund is recognizing operating revenue, changes in net assets and financial position. Operating revenues and expenses are distinguished from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The principal operating revenues of enterprise funds are charges to customers for services. Operating expenses consist of cost of sales and services and administrative fees.

The governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred. An exception to this general rule is that principal and interest on general obligation debt, if any, is recognized when due. Only current financial assets are included on their Balance Sheet. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balances as their measure of available spendable financial resources at the end of the period.

The budgetary basis of accounting is used by the general fund and all major special revenue funds in the required supplementary information section of the financial statements. Under the budgetary basis of accounting, receipts are recognized when received and disbursements are recognized when paid. Consequently, these financial statements are not intended to present financial position or results of operations in conformity with generally accepted accounting principles in the United States of America.

<u>Property and Equipment</u> – Assets with an initial individual cost of \$5,000 or more are considered capital assets. Property and equipment are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed assets are reported at their fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Infrastructure will be reported prospectively beginning in fiscal year September 30, 2006. Depreciation on all assets is provided on the straight-line basis over the estimated life of the asset as follows:

September 30, 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Property and Equipment (cont'd)

Buildings	40 years
Vehicles	7 years
Equipment	10 years
Water and Wastewater lines	40 years
Water tower and extensions	60 years
Water wells	20 years
Wastewater treatment, plant and lift stations	30-40 years

<u>Accrued Compensated Absences</u> – These amounts represent the unpaid vacation costs and related employee benefits as of the end of the period. All compensated amounts for governmental and proprietary fund types are accrued as liabilities on the government-wide statement for governmental funds and applicable enterprise funds respectively and are not recorded as expenditures of the current reporting period for governmental fund types because they do not represent amounts that are expected to be liquidated with expendable available financial resources.

Equity Classifications

- <u>Government-Wide Financial Statements</u> Equity is classified as net assets and is displayed as two components:
 - Restricted net assets Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantor, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
 - Unrestricted net assets All other net assets that do not meet the definition of restricted.
- <u>Governmental Fund Financial Statements</u> Equity is classified as fund balance and is displayed as the following components:
 - Non-Spendable Fund Balance Amounts that cannot be spent because they are either (1) not in spendable form; or (2) legally or contractually required to be maintained intact.
 - Restricted Fund Balance Amounts restricted to specific purposes when constraints placed on the use of the resources are either (1) externally imposed by creditors, grantors, or state or federal laws; or (2) imposed by law through constitutional provisions or enabling legislation.
 - Committed Fund Balance Amounts to be used for specific purposes pursuant to constraints imposed by formal action of the City Council (the City's highest level of decision-making authority). The City does not currently have any committed fund balances.
 - Assigned Fund Balance Amounts the City Council intends to use for specific purposes but do not meet the criteria to be classified as restricted or committed.
 - Unassigned Fund Balance Residual classification for the City's general fund and includes all spendable amounts not contained in other classifications. Amounts also included are deficit funds, if any, from other non-general funds.

September 30, 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

<u>Property Taxes</u> – Real estate taxes are levied on October 15 each year and may be paid in two equal installments. These taxes are due December 31. The first and second halves of the taxes become delinquent on the following May 1 and September 1, respectively. Real estate taxes become a lien against the property on the levy date.

Personal property taxes are levied on October 15 each year, are due December 31 each year, and may be paid in two equal installments. The first and second halves of the taxes become delinquent on May 1 and September 1, respectively.

Motor vehicle taxes are due when an application is made for registration of a motor vehicle.

NOTE B - CASH AND INVESTMENTS

The Statutes of the State of Nebraska authorize the City to invest in certificates of deposit and time deposits of banks or capital stock financial institutions, obligations of the United States government and agencies thereof and any securities as provided in the Public Funds Deposit Security Act. Nonnegotiable certificates of deposit with original maturity of more than three months are classified as cash equivalents within the governmental funds.

The City had cash balances at September 30, 2011 of the following amounts in the following banks:

Bank Balance

Cornerstone Bank

\$18,189,342.02

<u>Custodial Credit Risk – Deposits.</u> Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk.

Of the total bank balance, \$275,323.84 was insured through the Federal Depository Insurance Corporation (FDIC). The remaining \$17,914,018.18 was collateralized with securities held by the financial institution but not in the City's name.

	\$ 7,760,413.02	\$	1,631,001.01	\$	9,934,604.99	\$	3,369,856.20

NOTE E - LEASES

The City is liable for several lease purchase agreements. A schedule of lease purposes, balances and annual future payments are as follows:

	Year Ended September 30,						
	Total						
	2012	2013	Payments				
Snow Plow/Sander	\$ 25,178.00	\$ 25,194.00	\$ 50,372.00				
Payloader and Ambulance	55,596.00	55,651.00	111,247.00				
	\$ 80,774.00	\$ 80,845.00	\$ 161,619.00				

The City entered into a Distribution System Lease with Nebraska Public Power District for lease of the City owned electrical system on January 1, 1989. The City is to receive semi-annual payments based on the gross retail electrical revenues minus, 1) any bad debt charge-offs, 2) revenues from tax supported agencies receiving a discount, 3) any revenues associated with application of production costs, 4) an amount equal to 10% of the retail revenues as adjusted. The amount received under the lease for the year ended September 30, 2011 was \$1,386,956.01.

September 30, 2011

NOTE F - PENSION PLAN

The City provides pension benefits for all of its full-time employees except police officers and firefighters, through a defined contribution plan. In defined contribution plans, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate after one year of service. The employee must contribute 6% of compensation and the City contributes an amount equal to 100% of the employee contribution. The City's contributions for each employee (and interest allocated to the employee's account) are vested according to the following schedule:

Years of Service	<u>Vested Interest</u>			
Less than two	0%			
Two but less than three	20%			
Three but less than four	40%			
Four but less than five	60%			
Five but less than six	80%			
Six or more	100%			

Police officers and firefighters participate in a Statewide Local Government Retirement System, a multiple-employer public employee's retirement system. Covered employees are required by Statute to contribute a percentage of their salary to the plan. The City is required by the same statute to contribute the remaining amounts necessary to pay benefits when due.

The City's contributions to the plans discussed above for the years ending September 30 were as follows:

	<u> </u>	<u> </u>
General employees	\$ 117,337.14	\$ 121,054.49
Police Department	51,441.52	51,441.52
Fire Department	<u>85,066.76</u>	<u>84,392.80</u>
	<u>\$ 253,845.42</u>	<u>\$ 256,888.81</u>

NOTE G – CLOSURE AND POST-CLOSURE CARE COSTS

State and federal laws and regulations require the City Landfill to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$1,579,296.66 reported as landfill closure and post-closure care liability at September 30, 2011 represents the cumulative amount reported to date based on the use of 51.77% percent of the estimated capacity of the landfill. The City will recognize the remaining estimated cost of closure and post-closure care of \$1,471,305.34 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post-closure care in 2011. The City expects to close the landfill in the year 2040. Actual cost may be higher due to inflation, changes in technology or changes in regulations.

September 30, 2011

NOTE G - CLOSURE AND POST-CLOSURE CARE COSTS (cont'd)

In accordance with the State of Nebraska Title 132 Solid Waste Regulations, the City must satisfy the requirements for a financial assurance mechanism (F.A.M). The City Council has passed resolution 96-24 to make annual contributions to a special fund to finance closure and post-closure care. The City landfill is in compliance with these requirements and, at September 30, 2011, separate bank accounts, the "Closure and Post-Closure" accounts and the "Construction and Demolition Site Closure and Post-Closure" accounts, in the amount of \$1,501,378.32 and \$27,552.63 respectively, were held for these purposes at Cornerstone Bank. It is reported as a restricted asset on the balance sheet. The City landfill expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users and from future tax revenues.

In addition, the City Council has passed resolution 96-25 establishing the "Old Landfill Post Closure Care Account" reserve for the specific purpose of assuring post-closure care of the old landfill. This account at Cornerstone Bank has a balance at September 30, 2011 of \$11,034.53 and is reported as a restricted asset on the balance sheet.

NOTE H - BOND RESERVES

In accordance with provisions of Ordinance No's 1328 and 1329, we make the following comments:

Section 7

Water Fund

Balances in accounts allocated by the City

Treasurer at September 30, 2011:

Debt service reserve fund \$ 650,000.00

Funds available to meet these requirements at September 30, 2011:

Certificates of deposit \$ 670,291.24

Section 10

- (c) All City property is insured through the Cornerstone Insurance Company
- (d) The City Treasurer has carried out the accounting instructions in accordance with Section 7.

NOTE I - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year, the City carried commercial insurance for property, liability, automobile, worker's compensation and other risks. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

CITY OF YORK, NEBRASKA BUDGETARY COMPARISON SCHEDULE - BUDGETARY BASIS GENERAL FUND

CITY OF YORK, NEBRASKA NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

September 30, 2011

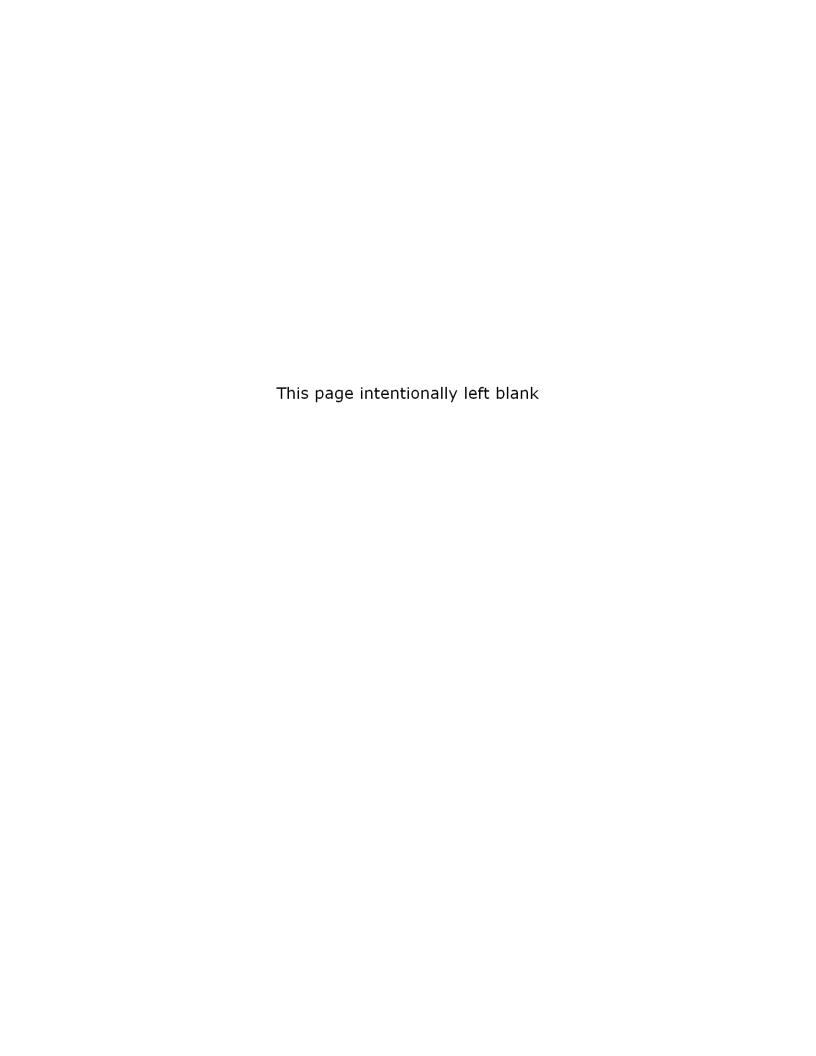

NOTE A - BUDGET PROCESS AND PROPERTY TAXES

The City of York (the City) is required by state law to adopt annual budgets for all funds. Each budget is presented on the cash basis of accounting, which is consistent with the requirements of the state budget act.

State Statutes of the Nebraska Budget Act provide the prescribed budget practices and procedures that governing bodies are required to follow. The amounts that may be budgeted for certain specific funds are subject to various disbursements and/or tax levy limitations.

In accordance with those provisions, the following process is used to adopt the annual budget:

- 1. As of August 1, or shortly thereafter, the City Clerk prepares a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes the proposed disbursements and the means of financing them.
- 2. Public hearings are conducted to obtain taxpayer comments.
- 3. Prior to the filing date, the City, through passage of an ordinance legally adopts the budget.
- 4. The adopted budget is filed with the State Auditor and the County Board on or before September 20.
- 5. Total actual disbursements may not legally exceed the total budget of disbursements. Appropriations of disbursements lapse at year-end and any revisions require a public hearing and any revisions require council approval.
- The property tax requirement resulting from the budget process is utilized to establish the tax levy in accordance with state statutes, which attaches as an enforceable lien on property within the City as of January 1.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the City Council City of York York, Nebraska

We have audited the financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the City of York (the City), as of and for the year ended September 30, 2011, which collectively comprise the City's basic financial statements and have issued our report thereon, dated March 31, 2012. Our report disclosed that, as described in Note A to the financial statements, the City prepared its governmental financial statements on the basis of modified cash receipts and disbursements, that demonstrates compliance with the modified cash basis and budget laws of Nebraska, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control of financial reporting, described in the accompanying schedule of findings and questioned costs that we consider to be a significant deficiency in internal control over financial reporting as item 2011-1. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The City's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the City's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the city council, management, the Auditor of Public Accounts, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Honorable Mayor and Members of the City Council City of York York, Nebraska

Compliance

We have audited the City of York, Nebraska's (the City) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2011. The City's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2011.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliancein accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Mayor, City Council, management, the Auditor of Public Accounts, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CITY OF YORK, NEBRASKA SCHEDULE OF FINDINGS AND QUESTIONED COSTS

September 30, 2011

A. SUMMARY OF AUDIT RESULTS

- 1. The auditor's report expressed an unqualified opinion on the financial statements of the City of York.
- 2. One significant deficiency was disclosed during our audit of the financial statements of the City of York.
- 3. No instances of noncompliance material to the financial statements of the City of York were disclosed during the audit.
- 4. No significant deficiencies relating to the audit of the major federal award programs were disclosed during the audit.
- 5. The auditor's report on compliance for the major federal award programs for the City of York expresses an unqualified opinion.
- 6. Audit findings relative to the major federal award programs for the City of York are reported in Part C of this schedule.
- 7. The programs tested as major programs include:

Highway Planning & Construction 20.205
Capitalization Grants for Drinking Water/
State Revolving Funds 66.468

- 8. The threshold for distinguishing Types A and B programs was \$300,000.00.
- 9. The City of York was determined to be a low risk auditee.

B. FINDINGS

SIGNIFICANT DEFICIENCY

2011-1 Internal Controls Over GASB 34 Model Financial Reporting

Condition: Due to limited knowledge, training and experience of City personnel and management to produce financial statements including footnote disclosures under the GASB 34 model, the City has engaged its independent auditor to produce draft GASB 34 model financial statements. The City is unable to produce GASB 34 model financial statements without the assistance of its independent auditor.

Criteria: The City is required to produce financial statements using the GASB 34 reporting model. Generally accepted auditing standards do not permit an independent auditor to be considered as part of the City's internal controls over financial reporting regarding drafting of financial statements.

Recommendation: Presently, there are significant costs associated with any alternative method of drafting GASB 34 model financial statements, with minimal benefit. Consequently, unless those costs could be reduced in the future, the City is using the most cost-effective process to produce GASB 34 model financial statements.

Response: We concur with the finding. We understand that our personnel and/or management do not have the required knowledge, training or experience to produce the required GASB 34 model financial statements including footnote disclosures. We have made all management decisions regarding the reporting, approved the draft and retained responsibility for the GASB 34 financial statements prepared with the assistance of our independent auditor.
